

567—22.202(455B) Requirement to have a Title V permit. No source may operate after the time that it is required to submit a timely and complete application for an operating permit, except in compliance with a properly issued Title V operating permit or a properly issued voluntary operating permit or operating permit by rule for small sources. However, if a source submits a timely and complete application for permit issuance (including renewal), the source's failure to have a permit is not a violation of this chapter until the director takes final action on the permit application, except as noted in this rule. In that case, all terms and conditions of the permit shall remain in effect until the renewal permit has been issued or denied. This protection shall cease to apply if, subsequent to the completeness determination, the applicant fails to submit, by the deadline specified in writing by the director, any additional information identified as being needed to process the application.
